## **BID # 26-212, All Terrain Excavator Leases & Accessories Addendum # 1**

---

**Question 1:** Qualifications - 3. "Vendor must provide three (3) references from clients in which the bidder has leased All Terrain Excavators and Accessories as the prime vendor, within the past five (5) years."

a. If we only have one (1) reference for the past five (5) years, is that sufficient?

**Answer:** Yes, please see revised qualification above.

**Question 2:** Training - "... the successful bidder will be required to provide a pilot model of the proposed All Terrain Excavator with Accessories bid for use by the County for a period of not less than two (2) weeks."

a. Post bid reward? Is this a prerequisite before delivery? This doesn't include the delivery then a two week training period?

**Answer:** Yes, post bid award. Pilot model training may commence either prior to or following delivery. The Roads & Drainage Division will work with the successful vendor to determine the start date of the training required.
